

## **Staff Report**

For City Council Worksession 10/30/2018

### **Subject - Plastic Bags (for future reference)**

**Synopsis** - Last City Council meeting, packets included information on existing plastic bag ban ordinances across the State of Oregon. Expressed interest on the possibility of developing a city ordinance here in Gearhart spurred further research. Here are some materials for review. They serve to informally introduce possibilities. If officially added to the agenda down the road, this information may aid in making the decision whether to pursue city legislation, or not.

The goal is to only distribute the research at Tuesday's worksession. Plastic bags will not be part of the discussion.

Have a great weekend!

A handwritten signature in black ink, appearing to read "Krysti Ficker", with a long, sweeping horizontal line extending to the right.

Krysti Ficker | Executive Assistant
