

**Staff Report**

For City Council Meeting - 8/4/2021

***Subject - Old Business - Fire / Police Station Survey Results***

**Synopsis:** In light of the new station location option brought to the Council, it was requested City staff conduct another survey. Due to the time constraints of the ballot measure fast approaching, the survey period would be just over a month long, and the survey itself short and sweet: Do people approve of the City pursuing this new location and would they support a bond to fund it.

The survey was first released via the blog June 25th with 1600 copies mass mailed over the following 2 days to all City water account holders. The survey closure date is/was August 1st.

As the packets go out one day before the survey deadline, the results will be given to the Councilors at the Council meeting, and uploaded to the website as "late correspondence".

**Recommended Motion:** Based on where the survey percentages currently sit, Staff recommends Council make a motion to pursue the November bond measure. Staff would then prepare both the resolution to go to the voters and the bond measure for a Special Council meeting to be held Tuesday, August 10th at 6:00 p.m.

**Legal Analysis:** N/A

**Financial Analysis:** N/A
