REPORT:

Connell noted Dollar General has applied for a Variance to their wall sign to double or triple the size.

She noted we are still waiting for the zone amendment application for a zone change.

Connell/ Sweet reported Young Life is for sale, if the property was sold as a church camp for youth it would be allowed to continue to operate, any upgrades would need to meet current standards. If a new owner would want to change the use it would revert to an R1 and need to be developed as a whole single-family dwelling or demolish the structure and have 4 buildable lots.

Sweet noted there is a joint work session scheduled between the City Council and Fire Committee for the end of August, the project is moving along.

Sweet noted the Dune Ordinance has been enacted and has passed all the appeal period. He has met with the attorney for the ocean front property owners, they seem to be alright with the ordinance, we are in the process of developing the application process and there have been a few homeowners who have applied to remove some trees and scotch broom from their property.
